

**MADE TO MEASURE HAND CRAFTED
GARAGE DOORS BRITISH MADE**

2021
selectgaragedoors.co.uk

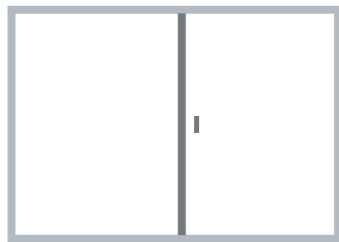

Who we are

Established in 2000 in Bolton and now based in Walkden, Select Garage Doors has been manufacturing made to measure garage doors for garage door specialists for 21 years.

We are one of the UK's leading manufacturers of made to measure garage doors.

All doors are made by hand to your specific requirements. We offer 11 unique ranges with a wide variety of door styles and colour options.

Product Types

Centre Split

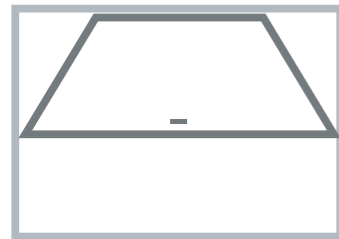

Off-Centre Split

Canopy

Side Hinged doors are available as **Centre Split** or **Off-Centre Split** depending on size and design. The right or the left can be the leading door and doors can open in or out. On off centre split doors the large or the small door can be the leading door. As standard doors will be supplied with a brushed steel effect night latch lock and matching brushed steel hinges. Black and brass hinges are also available but must be stated on order. Unless specified at the time of order, doors will be made with the first door opening door on the right as viewed from outside, opening out.

Canopy doors use an overhead torsion spring and vertical tracks fixed directly to the frame. The lack of ceiling suspended tracks allow for full drive-thru clearance. Multi point locking with euro profile lock centred in the top third of the door.

Retractable

Bi-Fold

Personnel

Retractable doors offer smooth operation and balance, ideal for electric automation. Secured with a 2-point slam latch with euro lock handle. Overhead tracks are required for this frame type. Wicket doors are an optional extra in the Rivington design.

Bi-folds are available on most side hinged door designs. They can open back-to-back or face-to-face and either in or out. They are available in our powder coat and laminate finishes. Where a door has a centre split only the slave door can bi-fold.

Personnel doors can be hinged on either side and can open in or out. Unless specified at the time of order doors will be made with the hinges on the left as viewed from outside opening out with brushed steel night latch and matching hinges.

For more details on all our products please see our website www.selectgaragedoors.co.uk

B) Projection of the lifting arm into the opening from the edge of the frame above height A.

Select Steel Warranty

Select Garage Doors Ltd provides a five year limited warranty against manufacturing defects from date of purchase. In the vent of a claim, please contact the distributor who originally supplied the product, who will then supply details of the claim along with proof of purchase to Select Garage Doors Ltd. Valid claims will be repaired or replaced at our discretion.

Operating gear

All product must be installed in accordance with installation instructions. Moving parts should be lubricated 3 To 4 times a year to ensure smooth operation. A qualified engineer must inspect and carry out repairs/replacements as necessary. DO NOT ATTEMPT THIS YOURSELF, AS THIS COULD BE POTENTIALLY DANGEROUS.

Appearance

During the manufacturing process it is possible that some distortion in the panels may occur. A visual inspection should be carried out in natural daylight (not direct sunlight) from a distance of 3 metres to view the overall appearance, minor marks and blemishes not seen from this distance will not be covered by warranty.

Finish Warranty

Primed steel doors must receive a suitable exterior topcoat immediately after installation. This coating is not covered by warranty.

Factory finished powder coating is covered for 5 years. Laminate wood grain finish is covered for 5 years. Surfaces must be freely exposed to washing by rainfall and kept clear of birds droppings, accumulated dirt and debris. The door and frame should be kept free from impact damage, scratches and other surface abrasion. Damage, corrosion or discolouration caused by contact with an excessively salty atmosphere, abnormal elements within the building or from pollution, chemicals, or caustic substances are excluded from warranty.

Cleaning

Cleaning should be carried out with a soft, non abrasive sponge and clean water.

The company reserves the right to make alterations in design and manufacture as are deemed necessary without notification.

Note:

Our products are not suitable for use as gates on external installations.
